The staff is guided well for making people satisfied by their services.

Answers to frequently asked questions:

The shuttle service to long beach cruise terminal lets you skip a taxi line in the airport. The timings for star bus to operate are from 5am to 7pm. The first bus departs at 6 in the morning and the last at 6 in the evening. Other than these hours, the people coming cannot be entertained. The center for reservation remains open from 6 in the morning to 7 in the evening.

Other information related to buses:

At the airport for lax to cruise terminal, the driver drops the passengers near the place from where the flight is to be left. Some of the passengers are dropped at different positions due to some restrictions. The driver picks the people who want to go, from the entrance. In case of any problem, the emergency number is to be dialed and the relevant people are to be informed about the problem. There is a single bus that takes you from one place to the other and there is no need of changing buses for different routes. Sometimes, in case of any emergency, shuttle can be booked without advanced booking. But there is no guarantee for the availability of the shuttle.

The passengers who arrive the airport are required to contact at a certain number so that the shuttles can be arranged. If a person does not have any mobile phone at that time, he/she is required to meet the faculty members in the office and let them know about the arrival. In this situation, the person can go to the booking counter and there he can make use of the handsets. They are kept for public use. A specific number is given that is to be dialed for talking to an operation staff member for promptly organizing a transference source for the person.

- The shuttle departs from the airport after about 50 to 60 minutes when a person reaches at the airport.
- It is important that the passengers who want to travel should remain ready to go along with their luggage and stuff.
- They are required to take care of their valuables.
- It is better that they reach at the point from where they have to travel through the shuttle ten minutes before the actual time. It is a good practice.
